Summary

Highly motivated AI student with a strong foundation in web development and a passion for leveraging AI/ML for innovative solutions. Skilled in creating user-friendly websites and utilizing deep learning, natural language processing, and computer vision techniques. Seeking a challenging role to apply technical expertise and contribute to cutting-edge projects.

Education

Master's in Intelligent Computer Systems (Expected Graduation: May 2025)

University Mouloud Mammeri of Tizi-Ouzou, Algeria

Master's in Intelligent Computer Systems (First Year: 2023–2024)

University Mouloud Mammeri of Tizi-Ouzou, Algeria

Bachelor's Degree in Computer Science (2020–2023)

University Mouloud Mammeri of Tizi-Ouzou, Algeria

Projects

- **MyTicket**
 - **Description:** Full-stack ticket management platform developed for university coursework. Features user-friendly interface and robust backend.
 - **Technologies:** HTML, CSS, JavaScript, PHP, MySQL
- **Neural Networks: Revolutionizing Intelligent Systems**
 - **Description:** Neural network-based activity recognition for intelligent homes, enabling personalized automation and enhanced well-being through accurate sensor data analysis.
 - **Technologies:** Pandas, TensorFlow, Scikit-learn, PyTorch, Keras, Matplotlib, NumPy

[More](#)

Skills

- **Technical Skills:** Python, HTML5, CSS3, JavaScript, React, Tailwind CSS, Node.js, Next.js, Blender
- **AI/ML Skills:**
 - **Proficient in:** Deep learning, natural language processing, computer vision
 - **Experienced with:** Pandas, TensorFlow, PyTorch, Keras, Matplotlib, NumPy, Scikit-learn
- **Soft Skills:**
 - Problem-solving / Attention to detail / Adaptability / Effective communication
